EDUCATION

Indian Institute of Technology Madras

B.S. in Data Science and Applications

2024 – 2027

CGPA: 7.44/10

PW Institution of Innovation

B.Tech in Computer Science

2024 – 2028

CGPA: 7.56/10

Senior Secondary (XII), Science

Percentage: 86.66%

2022

Available for immediate full-time internship – flexible schedule.

EXPERIENCE

Dashloc — Software Engineering Intern

Apr 2026 – Jun 2026

📄 [Offer Letter](#)

- Developed scalable frontend features using **Vue.js 3** and **Nuxt.js**, building reusable UI components and modular architecture to improve maintainability.
- Created 25+ reusable Vue components, significantly reducing duplicated UI implementation across dashboards.
- Integrated RESTful APIs and optimized frontend performance through lazy loading, auto-imports, and code splitting for improved responsiveness.

PROJECTS

Date Dev — Full Stack Developer Networking Platform

[Live Link](#)

[Backend](#)

[Frontend](#)

2026

- Building a full-stack developer networking platform using **React**, **Node.js**, **Express.js**, **MongoDB**, **Tailwind CSS**, and **JavaScript** following modern web application architecture with MVC pattern.
- Developing secure REST APIs with **JWT authentication**, role-based access control, profile management, and optimized MongoDB queries using compound indexes for efficient data retrieval.
- Designing responsive user interfaces in **Figma** and implementing developer discovery, collaboration workflows, and real-time messaging using **Socket.IO** for instant communication.
- Architecting scalable backend with Express.js, implementing CRUD operations, database relationships, and middleware for authentication and validation.

Zorvyn Finance – Premium Personal Finance Dashboard

[Live](#)

[GitHub](#)

2026

- Built a modern, fully responsive finance dashboard with **React 18**, **Vite**, **Redux Toolkit**, **Tailwind CSS v4**, **Recharts**, and **TanStack Table**; features real-time summary cards, interactive charts (line and pie), and advanced transaction management.
- Implemented role-based access (Admin/Viewer), dynamic data visualizations, and smart insights (highest spending category, monthly comparison, savings analysis) – all with zero backend dependency using Local-Storage persistence.
- Enabled one-click CSV export, advanced sorting/filtering/search via TanStack Table, and production-ready code with a clean, premium dark UI optimized for desktop and mobile.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, HTML5, CSS3, Python

Frontend: React.js, Redux Toolkit, Context API, Tailwind CSS, Vue.js 3, Nuxt.js

Backend: Node.js, Express.js, REST APIs, JWT, WebSockets, Socket.IO

Database: MongoDB, Mongoose, PostgreSQL, SQL, Redis, BullMQ

Software Engineering: OOP, MVC Architecture, Clean Code, Code Review, Performance Optimization, System Design

Tools & Others: Git, GitHub, Postman, VS Code, Problem Solving
