EDUCATION

Indian Institute of Technology Madras

B.S. in Data Science and Applications

2024 – 2027

CGPA: 7.44/10

IIIT Idupulapaya

Senior Secondary (XII), Science

2022

Percentage: 90.10%

EXPERIENCE

RIFT, Bengaluru (Frontend Developer Intern)

Apr 2025 – Jul 2025

- Built reusable React components, translated Figma designs into responsive UIs using Tailwind CSS, Flexbox/Grid.
- Integrated REST APIs; managed state with Redux Toolkit and Context API. Participated in daily stand-ups, code reviews, sprint planning.
- Debugged cross-browser issues; optimized performance with lazy loading and Vite.

Amazon India Hackathon – National Finalist (Top 5)

Nov 2025

- Built a full-stack generative AI app using React, REST APIs, and prompt engineering in a 24-hour sprint.

PROJECTS

Zorvyn Finance – Premium Dashboard

[Live Link](#)

Apr 2026

- Built reusable UI components (Balance Chart, Spending Breakdown, Transactions Table) using React 18, Redux Toolkit, Tailwind CSS v4, and Vite. Integrated REST API + LocalStorage with CSV export and role-based access.
- Applied lazy loading, React Suspense, and performance optimization; fully responsive mobile design with bottom navigation.

Multi-View Project Tracker

[Live Link](#)

Mar 2026

- Developed Kanban + Timeline views with drag-and-drop, URL-synced filters, and virtual scrolling for 500+ tasks; achieved 100 Lighthouse score using Vite and code splitting.
- Translated Figma-style mockups into responsive layouts using CSS Grid/Flexbox; used TypeScript, Redux Toolkit, and Git branching/commits.

PharmaGuard – AI Clinical Support

[Live Link](#)

Feb 2026

- Built responsive React frontend consuming REST API (LLM backend) for genomic data visualization. Implemented client-side error handling, loading states, and form validation.
- Used React Hooks (useState, useEffect) and Tailwind CSS; demonstrated debugging across browsers and devices.

TECHNICAL SKILLS

Languages: JavaScript (ES6+: arrow functions, destructuring, promises), TypeScript, HTML5, CSS3, Flexbox, Grid

Frontend: React 18 (Hooks, lifecycle), Redux Toolkit, Context API, Next.js, Vite

Styling: Tailwind CSS, Bootstrap, Framer motion, Sass, LESS, Styled Components

API & Testing: REST API integration, Test Automation (Jest/React Testing Library)

Tools: Git (branching, commit, pull), GitHub, Figma/XD translation, Debugging, Vite

Soft Skills: Code reviews, daily stand-ups, sprint planning, problem-solving
